

Embodied Anatomy and The Fluid System, with Bonnie Bainbridge Cohen

Disc 1

- Introduction to the Fluid System
- Cellular Fluid, Transitional Fluid, Extracellular Fluid
- Fluid-Membrane Balance

Disc 2

- Circulatory System
- Blood
- Cerebral Spinal Fluid (CSF)
- Synovial Fluid

Disc 3

- Periorgan Fluid
- Bonnie Working With a Student's Periorgan Fluid
- Lymph
- Interstitial and Cellular Fluids
- Exploring the Interstitial and Cellular Fluids
- Bone Marrow
- Exploring the Fluid of Bone Using a Pencil

Disc 4

- Immune System
- Exploring the Immune System through the Fluids
- Fascia
- Exploring Fascia
- Fat
- Ground Fluid
- Embryology
- Excerpts on the Philosophy of Embodiment
- Credits
- Illustrations
